Torrance Residents Asked To Assist March of Dimes

Residents of Torrance are being asked to open their hearts and purse-strings in raising their financial means for a prolonged period of time. We must insure that through our contributions their plight will not be forgotten," Mrs. Conner stressed. Additional funds will also be needed to finance the National Foundation's gamma globulin program, which remains the sole anti-polio weapon at the nation's disposal, until a vaccine is tested and proven, and, to continue our research and education programs, she said.

Income Tax About 3 1/2 per cent of total family income in 1950 was absorbed by Federal income taxes, according to the Commerce Department, which said some 48,500,000 "consumer units" of families and persons living alone in 1950 had \$217,000,000 in income before taxes and that Federal income-tax liability on this income was somewhat over \$18,000,000,000.

SUN'S DIAMETER Diameter of the sun is 865,000 miles, or about 110 times greater than the diameter of the earth.

According to amending Ordinance No. 342, Section 31a, it is unlawful for any person to park or stand on any public street for more than 48 consecutive hours within any seven day period.

According to City Ordinance No. 844, it is unlawful for anyone owning a dog to allow the animal to run at large anywhere in Torrance unless the dog be on a leash not exceeding six feet in length.

According to City Ordinance No. 316, all one-family dwellings must have a rear yard not less than 25 feet in depth, and no dwelling shall be less than 20 feet from any other dwelling on the same building site.
